## PRESS RELEASE

JUNE 18, 2013

For Immediate Release:

**Lisiten Associates** announced today that they have opened a new division focusing on the mining industry, **Mine Brokers USA** ([www.minebrokersusa.com](http://www.minebrokersusa.com)) will enable **Lisiten Associates** to leverage its advantage as being the “Boutique Broker of the Year” by Acquisition International and being named “Top Business” by DiversityBusiness.com into a very exciting sector.

**Mel Lisiten**, Founder and CEO, said “I am very happy to enter the raw metals market, we have already successfully sold 3 mines totaling over \$1.2 B.”

**Mr. Lisiten** has appointed **Eric Hirsch** President of **Mine Brokers USA**. “Eric is very knowledgeable in the mining industry and has been instrumental in the sale of these mines. We have numerous other mines in the pipeline.”

**Mine Brokers USA** will focus on Noble Metals as well as Rare Earth elements. “The future of mines and claims will be not only on gold, silver and palladium but yttrium and cerium and other rare earth elements. We will be working with owners of existing mines and claims to find the value of their operations and get them “fair market prices,” said Mr. Hirsch.
